Sterling Values. in FOOT-WEAR.

ALWAYS TO BE HAD AT

MURPHY'S.

We would specially ask all who study economy to pay a visit and buy a stock of Boots before the prices advance. Remember the prices are still the same here, low-priced as usual, but this cannot last long, for as soon as present stocks are sold, new goods to arrive will be at least 15 per cent. higher. This is a big consideration, so please don't delay and then be sorry.

The nippiness of the weather hints that it is time for a nice warm Slipper. We have at present a large stock, and all keenly priced. Buy a pair TO DAY.

Don't discard your old footwear, bring them along and have them made equal to new. Work done by first-class workmen and up-to date machinery.

District Exhibits at R.A.S.

SOUTH COAST NOW AGREES.

The South Coast Agricultural Societies' Union a few weeks ago decided not to stage a district exhibit representing the South Coast and Southern Tablelands at the Sydney Royal Show in 1920 unless the sum of £300 was granted by the R.A.S. for organising expenses. At a meeting of the union held recently at Berry, Mr. C. W. Craig, of Kiama (who was appointed a member of the council of the Royal Agricultural Society at the last annual meeting) proposed that the former resolution be rescinded. This was carried, and it was then unanimously decided that the union stage a district exhibit at the 1920 show. Representatives from Wollongong, Kiama, Nowra, and Robertson were present, while the Kangaroo Valley delegate expressed concurrence by telephone.
