dent occurred on Friday last to Mrs. Wainwright of Canberra Plains, through the bursting of a square bottle. Mrs. Wainwright was washing the bottle in question, which she had for that purpose filled with hot water. Immediately on filling the bottle it burst, one of the fragments of glass inflicting a very deep gash between the fore-finger and thumb of the left hand. The wound bled profusely and ordinary means failing to arrest the bleeding, the consequences became somewhat alarming. Mrs. Wainwright was thereupon taken to Gininderra, and upon seeing the serious nature of the injury Mr. Davis promptly sent for Dr. Hayley, who on his arrival ordered the patient to be taken into Queanbeyan, whither Mr. Davis kindly drove her in his carriage; but by this time Mrs. Wainwright had almost literally bled to death, it being discovered that an artery had been completely severed. The bleeding was ultimately arrested by medical skill, and the unfortunate sufferer is now considered to be out of danger.

COLLECTOR RACES.

(From a correspondent.)

THESE races, held on the 20th and 21st instant, came off upon the Collector race-course with an unusually small attendance, owing, no doubt, to the lateness of the season and the settlers in the neighbourhood being anxious to get on with their ploughing, &c. The course, owing to the late rains, was in very heavy state, and in many places there were pools of water; fortunately no accident occurred.

— W. L. Edwards' br.g. Meteor, 6 yrs., 9st. 10 lb. (G. Whalan) 2

of the best material, nearly new, together with Outbuildings, TWO-ROOMED HUT with brick gables,—also, a FIRST-RATE WELL of pure Spring Water.

FINLAY AND CO. feel that they have only to make known the fact that this CHOICE LITTLE PROPERTY is brought into the market for POSITIVE SALE, to command for it the attention of not only those who may have capital at command, but those who are desirous of embarking in a most LUCRATIVE AND PROFITABLE CALLING. The profits accruing from the orchard alone during the last few years have varied from two hundred to two hundred and seventy pounds per annum, and as many of the young trees will come into bearing next season a handsome income will soon be realised; whilst the PROSPECTIVE VALUE it possesses, when brought into IMMEDIATE communication with the Metropolis, lends to it an attraction and interest seldom to be found in Orchard properties.
An inspection of the property is earnestly invited.
TERMS:—Half cash, and the balance may remain if desired secured upon the property. 904

THE KIMO AND GUNDAGAI RUNS.

FINLAY AND CO.

Have received instructions to sell by private contract,
THE KIMO AND GUNDAGAI RUNS, containing respectively 28,000 acres and 8000 acres, with about 8 MILES frontage to the Murrumbidgee River, including in frontage 2320 acres of FREEHOLD LAND, with fattening paddocks of about 4000 acres. Also 1000 HEAD CATTLE, 600 of which are nearly fat, say at least 200 fit for THE BUTCHER; together with all the plant and grain, of which there is a very large quantity.
The paddocks will fatten annually about 1000 HEAD CATTLE, and the runs would carry, without interfering with the cattle, about 6000 SHEEP.
This is without exception one of the best runs in the colony for its size, and is always within reach of a ready market for either cattle or produce. The FAT CATTLE sold last year averaged £6 and £7 per head, taken from the stock-yard. The Improvements are of a very high order.
For further particulars apply to Finlay and Co., where a plan of the property can be seen.
Terms exceedingly liberal. 813

RICHARDSON & WRENCH

Have received instructions from John Morrice, Esq., M.L.A., to sell by public auction,
At the Moss Vale Hotel, Sutton Forest Railway Station,
ON SATURDAY, 15TH JUNE,
At twelve o'clock,
THE TOWN OF SUTTON FOREST NORTH, adjoining the railway station.
☞ SUTTON FOREST RAILWAY STATION will be open for traffic in a few months, and will command the whole of the immense traffic of the most extensive and
Richest Agricultural Districts
in New South Wales, including BONG BONG, BERRIMA, SUTTON FOREST, ELING FOREST, YARRAWA, KANGALOON, BURRAWANG, WILDE'S MEADOW, and other well-known important highly productive agrarian localities.
SUTTON FOREST NORTH abuts on the railway at the station, and is in every way adapted as a site for (what it will eventually become) one of the LARGEST AND MOST PROSPEROUS TOWNS in the southern district. It will not be dependent on the ephemeral prosperity of a temporary
RAILWAY TERMINUS,
for it must always remain the
Great Centrical Depot
for the produce of a magnificent, fertile, and populous portion of the colony, unequalled in
Extent, Soil, and Climate,
and has all the elements in its immediate neighbourhood to secure a
Thriving Commercial Position.
THE TOWN ALLOTMENTS contain each an area of from half-an-acre to one acre, fronting the main road from the railway station. They are elevated good building sites, with permanent water-supply from Waite's Creek, which bounds one side of the town. Reserves will be set apart for a government school, also for churches and other public buildings.
THE SUBURBAN VILLA BLOCKS will contain from two to five acres each of rich arable soil. The special attention of city gentlemen is directed to these lots. They are most DELIGHTFULLY SITUATED on a sloping ridge, overlooking
Throsby Park and Browley.
Sutton Forest stands at an elevation of MORE THAN 2000 FEET ABOVE THE LEVEL OF THE SEA, so that in about a three hours' ride by rail to these sites,
A *PERFECT CHANGE OF AIR*
and a bracing, deliciously
Cool English Climate
(in which all the home fruits and plants grow luxuriantly) can be enjoyed.
The great ALTITUDE OF THE POSITION secures a
Salubrious Refreshing Temperature,
similar to what can be obtained in Tasmania and other southern latitudes; and the difficulty of access alone has previously prevented the celebrated SUTTON FOREST and BONG BONG districts from becoming the
Sanatorium of the Colony.
Further particulars in a future advertisement; in the mean time plans of the town sub-division can be obtained on application to MR. JAMES POWELL, Berrima; or at the Rooms, Sydney. 933

IMPERATIVE AND UNRESERVED SALE,
By order of the Trustees of the Will of the late James Norton, Esq.

ECCLESTON PARK, SUTTON FOREST,

Containing 1816 ACRES by survey and 1750 ACRES by grant, on the Great Southern Road, at the Cross Roads, Eling Forest, about nine miles from
The Sutton Forest Railway Station.
TERMS:—One-third cash; residue may remain, secured on the property at 7 per cent.

RICHARDSON & WRENCH

Have received instructions to sell by public auction
At the Moss Vale Hotel, Sutton Forest Railway Station,
ON SATURDAY, 15TH JUNE,
At twelve o'clock,
THAT WELL KNOWN AGRICULTURAL AND GRAZING ESTATE
ECCLESTON PARK,
Cross Roads, Eling Forest,
containing 1750 acres by grant, but by actual measurement by Mr. Surveyor Campbell 1816 acres.
The estate has extensive frontage to the Southern and Arthurleigh Roads, and is permanently watered in all seasons by BLACK BOBS and OTHER CREEKS, also by NEVER-FAILING SPRINGS. About one-third of the area is superior RICH AGRICULTURAL LAND, for the most part of WHINSTONE FORMATION; the residue is capital grazing land.
The improvements on the estate are inconsiderable, consisting of a slab cottage, surrounded by forty or fifty acres of cleared land, and a quantity of fencing, which is generally in a dilapidated condition.
☞ ECCLESTON PARK is a noted farm in this favourite district, and with a little outlay in improvements could be converted into a first-class property. The good land on the estate is equal to the richest soils in the Bong Bong and Sutton Forest districts, and the grazing portion is principally fine open table land, permanently watered.
☞ The small portion on the eastern side of the Southern Road, about 80 acres, will be sold, if desired, separately.
Plan on view at the Rooms. 934
