of Beecham's Pills is their general tonic effect. That they act as a tonic to the stomach and liver is well known; but it may not be so generally realised that they exercise a bracing influence upon the entire system. The whole physical organization benefits as the result of improved digestion and more perfect assimilation of food. The eyes are brighter; the complexion is clearer; the step is more elastic; the mind is keener. These are recognisable signs of the great benefit resulting from a course of this fine tonic remedy. Make Your District Known

Concerning some parts of the district news comes but seldom. This is not the fault of the editor, for he has no miraculous power of knowing what is happening in all places in the area of circulation. It is the fault of the residents in the silent places.

Will some man or woman take the matter in hand and cause the silence to cease?

Give information, but let criticism alone.

Do not bother about grammar or spelling, it is the editor's work to look after these trifles. The barest skeleton is enough.

Send accounts of public and social events in your township or neighborhood, such as weddings, deaths, accidents, concerts, matters touching the industries, &c.

Write on one side of the paper only.

Write your name in some corner; not for printing, but to prove good faith.

Write the names of persons and places very distinctly.

If no one else is doing it for your district, will you try on these lines
